Dear Community Member,

Are you, a family member or friend faced with cancer, heart disease, diabetes, kidney disease, mental illness or other health issues? The Minority Health Alliance (MHA) can help. The MHA supports you in a variety of ways:

• Health – decrease chronic illness among communities of color.
• Advocacy – empower community members to speak out about health issues.
• Education – provide health information, screenings and programs.

The Minority Health Alliance is a nonprofit organization founded in 1995 by the American Cancer Society (ACS) and the National Black Leadership Initiative on Cancer (NBLIC). After attending the Midwestern Regional Conference of the NBLIC in the fall of 1995, the Cleveland NBLIC Coalition and the Special Populations committee of ACS joined forces to make a stronger impact on Greater Cleveland with cancer education, prevention and early detection.

Today, the MHA is a group of more than 30 concerned individuals and organizations committed to promoting health, preventing disease and illness, providing resources and referral services and spreading the message about the importance of wellness among communities of color.

This Resource Directory was created with you in mind. It is a tool for you to use when you, a family member or friend is faced with a health issue. The network of individuals and organizations in the MHA are here to serve you. We look forward to helping Greater Cleveland prevent, detect and treat illnesses impacting our communities of color. Your health is our 1st priority.

To Your Health,

The Minority Health Alliance

MISSION
The mission of the organization is to provide comprehensive education, testing, counseling and supportive services to the population at risk for sickle cell anemia and its variants. Further, its intent is to ensure quality and quantitative care in the provision of comprehensive service to affected individuals and families.

SERVICES PROVIDED
• Newborn Screening and Testing: ASCAA provides vital testing for newborns, parents, Head Start centers, and the general public. ASCAA currently tests more than 3,500 individuals annually. C.H.A.M.P.P.S., which stands for Choosing Health Awareness Mobility Personal Power and Success, is a youth program designed for children and teens with sickle cell disease. Counseling: ASCAA provides in-house and community outreach counseling to those affected by sickling diseases and trait variants, as well as to those who want to learn more about the effects on individuals and their families. Supportive Services: ASCAA provides supportive family activities, crisis intervention support, youth programs, and in-hospital counseling to families and individuals living and coping with sickle cell disease. Global Education: Since its inception, ASCAA has distributed more than 450,000 educational packages both locally and globally. ASCAA also provides educational presentations to students, teachers, social workers, physicians, the media and the general public.

MISSION
The goal of the Cleveland Office of Minority Health (COMH) is to identify local health disparity needs with an emphasis on informing, educating and empowering at risk communities. The office is responsible for activating efforts to educate citizens and professionals on imperative health care issues and seeks to provide minority health data and technical assistance to local agencies working to improve the health status of minority populations. COMH seeks to serve as a “clearinghouse” for the coordination of community health efforts targeting Cleveland’s minority populations.

SERVICES PROVIDED
- Coordinating and overseeing the Ohio Commission on Minority Health’s activities in Greater Cleveland
- Enhancing data collection and reporting on minority health in Cleveland
- Identifying and addressing local health disparity needs
- Mobilizing the community to collaborate on minority health related issues

ORGANIZATION NAME
Susan G. Komen for the Cure Northeast Ohio Affiliate

STREET ADDRESS 26210 Emery Road, Suite 307
CITY, STATE Cleveland, Ohio ZIP CODE 44128
PHONE (216) 292-2873 FAX (216) 593-0160
WEB SITE http://www.komenneohio.org
EMAIL info@komenneohio.org

MISSION
To save lives and end breast cancer forever by empowering people, ensuring quality care for all and energizing science to find the cures.

SERVICES PROVIDED
• Komen is a grass roots organization, with a limited staff, relying on over 800 survivors and activists to carry out all fundraising and mission initiatives.
• Every 2 years, we assess breast health education, screening and treatment services in our 22 county service area and we identify specific unmet breast health needs. This process is used to direct the Affiliate’s grant making decisions, ensuring that programs we fund will fill gaps without duplicating services.
• Advocating at the local, state and federal level, Komen NEO works with elected officials on legislation to expand screening and treatment programs and to increase government investment in cancer research.
ORGANIZATION NAME
University Hospitals Ireland Cancer Center

STREET ADDRESS 11100 Euclid Avenue
CITY, STATE Cleveland, Ohio ZIP CODE 44106

PHONE (800) 641-2422
WEB SITE http://www.uhhospitals.org/irelandcancer

MISSION
To Heal. To Teach. To Discover.

SERVICES PROVIDED
• One of the greatest strengths of the Ireland Cancer center is its multidisciplinary team approach to care, which begins at a patient’s first visit and continues throughout treatment. More than 175 professionals from the fields of medicine, surgery, pediatrics and radiology join with specialized oncology nurses, dieticians, social workers and music and art therapists to formulate individualized patient care plans.

• Together, these experts reflect Ireland’s philosophy of healing body, mind and spirit.

• Our patients have access to the most innovative treatments, including clinical trials, many of which have been developed by Ireland-based researchers. In fact, about 20% of patients participate in clinical trials, compared with the national average of three or four percent.

• Ireland’s commitment to physical and emotional wellbeing continues through its community education programs. Patients and loved ones learn coping skills, share healthy habits and celebrate survival.
